

eLab Pro™ Industrial Inkjet RIP

Meteor takes digital printing of labels, packaging and books to a new level with eLab Pro, a scalable industrial inkjet RIP solution in a complete, plug and play package.

Powered by Harlequin®, the world's fastest RIP, eLab Pro works seamlessly with Meteor's inkjet printhead drive electronics and software offering an attractive, intuitive graphical user interface with the ability to command the RIP directly from the print controller or printer Digital Front End.

Functionality

- Integrated Harlequin RIP
- Multi-level screening
- Comprehensive set of ready-made configurations
- Intuitive Graphical User Interface
- Built-in ink limiting and colour management tools
- For use on any Windows 10 PC with Meteor electronics

Benefits

- Fastest RIP on the market
- Specifically designed for industrial inkjet
- Significant reduction in system development time and risk
- Painless RIP configuration
- Optimised print quality through advanced screening and sophisticated colour management techniques
- Handles variable data with ease

Industrial Inkjet RIP solution in a complete, plug and play package

For development or production environments	Reduce the time it takes to get a new industrial inkjet system to market
Customisable user interface	Integrate the ready-to-use interface or configure to a customised interface tailored to system requirements
Integrated Harlequin® RIP	Use the world's fastest RIP to convert PDF files to a format suitable for delivery to the industrial inkjet datapath
Advanced Inkjet Screens™	Mitigate common inkjet print quality issues including mottling and streaking
Reduced cost of computing power	Operate on the same PC as MetPrint or any DFE running Meteor's PrintEngine datapath
Ready-made configurations	Access a comprehensive set of RIP configurations or create bespoke configurations using an intuitive editor
Variable data imposition	Incorporate variable data at high speed
Built-in colour management	Achieve spot colour compensation with ease

Harlequin is a trademark of Global Graphics Software Ltd and may be registered in certain jurisdictions.

ALSO FROM METEOR: An extensive suite of industrial inkjet solutions and tools designed for job preparation, print system workflow and image quality enhancement

V.1

Meteor Inkjet Ltd is the leading independent supplier of industrial inkjet electronics, software, tools and services. Working closely with all major industrial inkjet printhead manufacturers. Meteor offers production-ready solutions to print system builders world-wide.
